

# Let's Talk Tech

With Christian Wheel

## TECHNOLOGY IS HARD, RIGHT?

Mac vs PC, iPhone vs Android, Canon vs Nikon. There is so much to keep track of in the world of tech. Let Christian Wheel do it for you! He's been writing software since he could read, and has been broadcasting professionally for fourteen years. His unique blend of information and humor will bring the world of tech to your radio and illuminate this challenging field while keeping you entertained.

Christian focuses on **practical** tech - things that affect your everyday life. Social media, computers, smartphones, software, home theater, digital cameras, and online security are just **some** of the topics of discussion.

Need help choosing a cellphone? Computer won't boot up? Give Christian a call and he'll walk you through it on the air, saving you from disaster and expensive repairs. And he'll do so with an inviting, patient tone understandable to even the most tech-uninitiated.

What's more, Christian will delve into how technology is affecting the world and our culture. New social etiquette rules will be demystified. Contests and giveaways will let you be the first on the block to win that hot new TV or camera.

So what are you waiting for? Turn your radio on and **Let's Talk Tech!**
